Third Grade Seeded Single Elimination Bracket

Seeding will be done by the following:

- head to head play
- In the event a tie, the team with the greatest point differential between points scored and points allowed wins the tie breaker. A cap differential of 15 points scored more than opponent will be used. *Example:* A 40-23 win will be adjusted to a 38-23 win using the 15 point cap. Therefore the difference between points scored and points allowed is 15.
- If teams are still tied then the team that allowed the least amount of points during round robin play wins the tiebreaker.
