

# State Technical College of Missouri Internal Tuition Waiver Application

All grade point averages must be calculated on, or converted to, a 4.000 scale. Students will be given the highest single tuition waiver for which they qualify. All tuition waivers will be divided equally over the fall and spring semesters of eligibility unless otherwise noted. Additional awards may be given on an individual basis at the discretion of the State Technical College of Missouri Scholarship Committee. All waivers are non-transferrable. It should also be noted that all internal awards are waivers of tuition. **Outside funding available to the student will take precedence over the college tuition waiver.** Waivers may not exceed tuition in any semester and may be reduced at the discretion of State Tech. Awards are given to State Tech full-time, degree seeking students only. Unless otherwise noted, priority deadline for tuition waivers is May 1 for fall enrollment and December 1 for spring enrollment. However, applications will be accepted until 30 days prior to the start of the semester and will be based on the availability of funds. Written documentation must be presented to the Office of Financial Aid to verify your eligibility in order to be considered for a tuition waiver. **Please return completed application to the Office of Financial Aid.**
