

MRT Observation Requirements and Contacts

MRT applicants must do clinical observations at **2 different radiology departments, one of which must be a hospital setting**. A total of **24 hours** of observation is required. To assist applicants in setting up clinical observations, the list below provides contact information for 7 mid-Missouri hospitals/clinics, some of which are clinical sites for the MRT program. Applicants are not required to observe at these locations and may choose their own observation sites. However, applicants are advised to choose observation sites that have a high patient volume. If applicants observe on a day that is not busy and see few exams, or a lack in variety of exams, they are strongly encouraged to do additional observations at another facility.

Hospital / Clinic	Contact Person	Phone Number	E-mail
University of Missouri Hospital 1 Hospital Dr. Columbia, MO 65201	Bailey Conner	-	connerb@health.missouri.edu
Jefferson City Medical Group 1241 W. Stadium Blvd. Jefferson City, MO 65109	Heather Doyle	573.556.7755	htwenter@jcmg.org
